

WEDDING RECEPTION @ TK

PRICE LIST & INFORMATION

2021 – 2022

TREMENHEERE KITCHEN VENUE HIRE;

Our venue hire fee includes exclusive use of the restaurant, veranda, outdoor seating area, bathroom facilities & access to a fully stocked and staffed cash bar. It also includes a live music license & a bar license which both run up until midnight. You can also take advantage of the ample, secure shared car park.

The restaurant will take lunch orders until 3.5hrs prior to your arrival ensuring plenty of time to shift from a busy restaurant scenario to a beautifully laid out wedding venue, ready to welcome your guests.

Our maximum capacity for guests is 65 for a sit-down meal & 100 for a standing event.

However, creating a \*tent canopy for the terraced area outside will increase the capacity to 90 guests seated and 120 for a standing event. A great alternative to hiring a full marquee.

*\*Please note; The tent is outsourced and is chargeable to the bride and groom. TK can arrange this on your behalf. We would recommend using a stretch tent throughout the spring & summer months only. Additional expenses to consider from extending the space are hire charges for additional catering equipment. This will be required to serve the additional seated guests. TK can also arrange this on your behalf. These costs are not high but need to be mentioned. Please ask for more details.*

Our recommendation would be to use 'Jabula Stretch tents'.

Costs vary depending on the size of the tent required & on the time of the year.

Optional extras available from Jabula Stretch tents include;

Festoon lighting

Bunting

Patio heaters

Flags

Fairy lights
